This show is fabulous for any time of the year. It follows the traditional story, but on his travels Jack interacts with other nursery rhyme characters. It is a truly delightful play, and has been enjoyably performed by children up to 13. In my school, the youngest class in KS1 recently played the parts of the "clouds" in a very spectacular colourful dance sequence. The script and songs are deliberately very simple, perfect for a drama club. The script is supported by a 22-track CD containing 11 modern catchy songs- each with vocals (for rehearsing) and backing tracks (for performance) A simple score is provided for the original songs only (not for the well known nursery rhymes)
